Root Condition

1. A limited state arises dependent on a limited state by root condition -dependent on one limited aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. At the moment of conception, dependent on one limited aggregate, three aggregates and kamma-born materiality arise... etc. two aggregates... etc. dependent on aggregates, the sense-base arises; dependent on the sense-base, aggregates arise; dependent on one primary element, three primary elements arise... etc. dependent on two primary elements, consciousness-originated materiality arises... etc. (1)

An exalted state arises dependent on a limited state by root condition -at the moment of conception, dependent on the sense-base, exalted aggregates arise. (2)

Limited and exalted states arise dependent on a limited state by root condition -at the moment of conception, dependent on the sense-base, exalted aggregates arise; dependent on primary elements, kamma-born materiality arises. (3)

2. An exalted state arises dependent on an exalted state by root condition - dependent on one exalted aggregate, three aggregates arise... etc. two aggregates... etc. at the moment of conception... etc. (1)

A limited state arises dependent on an exalted state by root condition -dependent on exalted aggregates, consciousness-originated materiality arises. At the moment of conception, dependent on exalted aggregates, kamma-born materiality arises. (2)

Limited and exalted states arise dependent on an exalted state by root condition - dependent on one exalted aggregate, three aggregates and consciousness-originated materiality arise... etc. at the moment of conception, dependent on one exalted aggregate, three aggregates and kamma-born materiality arise... etc. two aggregates... etc. (3)

3. An immeasurable state arises dependent on an immeasurable state by root condition - dependent on one immeasurable aggregate, three aggregates arise... etc. two aggregates... etc. (1)

A limited state arises dependent on an immeasurable state by root condition - dependent on immeasurable aggregates, consciousness-originated materiality arises. (2)

Limited and immeasurable states arise dependent on an immeasurable state by root condition - dependent on one immeasurable aggregate, three aggregates and

consciousness-originated materiality arise... etc. two aggregates... etc. (3)

4. A limited state arises dependent on a limited and immeasurable state by root condition - dependent on immeasurable aggregates and primary elements, consciousness-originated materiality arises. (1)

A limited state arises dependent on a limited and exalted state by root condition - dependent on exalted aggregates and primary elements, consciousness-originated materiality arises. At the moment of conception... etc. (1)

An exalted state arises dependent on a limited and exalted state by root condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. (2)

Limited and exalted states arise dependent on a limited and exalted state by root condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. dependent on exalted aggregates and primary elements, kamma-born materiality arises. (3)

Object condition

5. A limited state arises dependent on a limited state by object condition -dependent on one limited aggregate, three aggregates arise... etc. two aggregates... etc. at the moment of conception... etc. dependent on the sense-base, aggregates arise. (1)

An exalted state arises dependent on a limited state by object condition -at the moment of conception, dependent on the sense-base, exalted aggregates arise. (2)

An exalted state arises dependent on an exalted state by object condition - dependent on one exalted aggregate, three aggregates arise... etc. two aggregates... etc. at the moment of conception... etc. (1)

An immeasurable state arises dependent on an immeasurable state by object condition - dependent on one immeasurable aggregate, three aggregates arise... etc. two aggregates... etc. (1)

An exalted state arises dependent on a limited and exalted state by object condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. (1)

Predominance condition

6. A limited state arises dependent on a limited state by predominance condition - dependent on one limited aggregate, three aggregates and consciousness-originated materiality arise, two aggregates... etc. dependent on one primary element, three primary elements arise... etc. dependent on primary elements, consciousness-originated materiality and derivative materiality arise. (1)

An exalted state arises dependent on an exalted state by predominance condition - dependent on one exalted aggregate, three aggregates arise... etc. two aggregates... etc. (1)

A limited state arises dependent on an exalted state by predominance condition - dependent on exalted aggregates, consciousness-originated materiality arises. (2)

Limited and exalted states arise dependent on an exalted state by predominance condition - dependent on one exalted aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. (3)

An immeasurable state arises dependent on an immeasurable state by predominance condition - dependent on one immeasurable aggregate, three aggregates arise... etc. two aggregates... etc. (1)

A limited state arises dependent on an immeasurable state by predominance condition - dependent on immeasurable aggregates, consciousness-originated materiality arises. (2)

Limited and immeasurable states arise dependent on an immeasurable state by predominance condition - dependent on one immeasurable aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. (3)

7. A limited state arises dependent on a limited and immeasurable state by predominance condition - dependent on immeasurable aggregates and primary elements, consciousness-originated materiality arises. (1)

A limited state arises dependent on a limited and exalted state by predominance condition - dependent on exalted aggregates and primary elements, consciousness-originated materiality arises. (1)

Proximity condition and so on

8. A limited state arises dependent on a limited state by proximity condition... By contiguity condition... By conscence condition (all primary elements should be made)... By mutuality condition... By support condition... By decisive support condition... By prenascent condition (three questions should be made)... By repetition condition (three questions should be made)... By kamma condition? By result condition (thirteen questions)... By nutriment condition? By faculty condition... By condition of meditative absorption? By path condition... By association condition... By dissociation condition? By presence condition? By absence condition? By disappearance condition... By non-disappearance condition.

1. Positive Condition

2. Section on Enumeration

9. By way of root thirteen, by way of object five, by way of predominance nine, by way of proximity five, by way of contiguity five, by way of conscence thirteen, by way of mutuality seven, by way of support thirteen, by way of decisive support five, by way of prenascent three, by way of repetition three, by way of action thirteen, by way of result thirteen, by way of nutriment, by way of faculty, by way of meditative absorption, by way of path thirteen, by way of association five, by way of dissociation thirteen, by way of presence thirteen, by way of absence five, by way of disappearance five, by way of non-disappearance thirteen.

Positive.

2. Negative Condition

1. Section on Analysis

Non-root Condition

10. A limited state arises dependent on a limited state by non-root condition - dependent on one rootless limited aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the rootless rebirth moment, etc. dependent on aggregates, the sense-base arises; dependent on the sense-base, aggregates arise; one primary element... etc. external... nutriment-originated, etc. temperature-originated... for non-percipient beings, one primary element... etc. dependent on aggregates accompanied by sceptical doubt and accompanied by restlessness, delusion accompanied by sceptical doubt and accompanied by restlessness arises. (1)

Non-object condition

11. A limited state arises dependent on a limited state by non-object condition - dependent on limited aggregates, consciousness-originated materiality arises. At the moment of conception, dependent on limited aggregates, kamma-born materiality arises; dependent on aggregates, the sense-base arises... etc. one primary element... etc. external... nutriment-originated, etc. temperature-originated... for non-percipient beings, one primary element... etc. (1)

A limited state arises dependent on an exalted state by non-object condition - dependent on exalted aggregates, consciousness-originated materiality arises. At the moment of conception, dependent on exalted aggregates, kamma-born materiality arises. (1)

A limited state arises dependent on an immeasurable state by non-object condition - dependent on immeasurable aggregates, consciousness-originated materiality arises. (1)

A limited state arises dependent on a limited and immeasurable state by non-object condition - dependent on immeasurable aggregates and primary elements, consciousness-originated materiality arises. (1)

A limited state arises dependent on a limited and exalted state by non-object condition - dependent on exalted aggregates and primary elements, consciousness-originated materiality arises. At the moment of conception, dependent on exalted aggregates and primary elements, kamma-born materiality arises. (1)

Non-predominance condition

12. A limited state arises dependent on a limited state by non-predominance condition - dependent on one limited aggregate, three aggregates arise... etc. at the moment of conception... etc. dependent on aggregates, the sense-base arises; dependent on the sense-base, aggregates arise; one primary element... etc. for non-percipient beings... etc. (1)

An exalted state arises dependent on a limited state by non-predominance condition - at the moment of conception, dependent on the sense-base, exalted aggregates arise. (2)

Limited and exalted states arise dependent on a limited state by non-predominance condition - at the moment of conception, dependent on the sense-base, exalted aggregates arise; dependent on primary elements, kamma-born materiality arises. (3)

13. An exalted state arises dependent on an exalted state by non-predominance condition - dependent on exalted aggregates, exalted predominance arises; dependent on one resultant exalted aggregate... etc. at the moment of conception... etc. (1)

A limited state arises dependent on an exalted state by non-predominance condition - dependent on resultant exalted aggregates, consciousness-originated materiality arises. At the moment of conception, dependent on exalted aggregates, kamma-born materiality arises. (2)

Limited and exalted states arise dependent on an exalted state by non-predominance condition - dependent on one resultant exalted aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the moment of conception... etc. (3)

14. An immeasurable state arises dependent on an immeasurable state by non-predominance condition - dependent on immeasurable aggregates, immeasurable predominance arises. (1)

A limited state arises dependent on a limited and exalted state by non-predominance condition - in the case of result, dependent on exalted aggregates and primary elements, consciousness-originated materiality arises. At the moment of conception, dependent on exalted aggregates and primary elements, kamma-born materiality arises. (1)

An exalted state arises dependent on a limited and exalted state by non-predominance condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. (2)

Limited and exalted states arise dependent on a limited and exalted state by non-predominance condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. dependent on exalted aggregates and primary elements, kamma-born materiality arises. (3)

Non-proximity condition and so on

15. A limited state arises dependent on a limited state by non-proximity condition? by non-contiguity condition... by non-mutuality condition... By non-decisive support condition.

Non-prenascence condition

16. A limited state arises dependent on a limited state by non-prenascence condition - in the immaterial-sphere of existence, dependent on one limited aggregate, three aggregates arise... etc. two aggregates... etc. dependent on limited aggregates, consciousness-originated materiality arises. At the moment of conception, dependent

on one limited aggregate, three aggregates and kamma-born materiality arise... etc. two aggregates... etc. (all primary elements should be expanded, in the immaterial-sphere of existence with limited root, three questions).

An exalted state arises dependent on an exalted state by non-prenascence condition - one exalted aggregate... etc. at the moment of conception... etc. (1)

A limited state arises dependent on an exalted state by non-prenascence condition - dependent on exalted aggregates, consciousness-originated materiality arises. At the moment of conception, dependent on exalted aggregates, kamma-born materiality arises. (2)

Limited and exalted states arise dependent on an exalted state by non-prenascence condition - at the moment of conception, dependent on one exalted aggregate, three aggregates and kamma-born materiality arise... etc. two aggregates... etc. (3)

17. An immeasurable state arises dependent on an immeasurable state by non-prenascence condition - in the immaterial-sphere of existence, dependent on one immeasurable aggregate... etc. (1)

A limited state arises dependent on an immeasurable state by non-prenascence condition - dependent on immeasurable aggregates, consciousness-originated materiality arises. (2)

A limited state arises dependent on a limited and immeasurable state by non-prenascence condition - dependent on immeasurable aggregates and primary elements, consciousness-originated materiality arises. (3)

A limited state arises dependent on a limited and exalted state by non-prenascence condition - dependent on exalted aggregates and primary elements, consciousness-originated materiality arises. At the moment of conception... etc. (1)

An exalted state arises dependent on a limited and exalted state by non-prenascence condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. (2)

Limited and exalted states arise dependent on a limited and exalted state by non-prenascence condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. dependent on exalted aggregates and primary elements, kamma-born materiality arises. (3)

Non-postnascence condition and so on

18. A limited state arises dependent on a limited state by non-postnascence condition... by non-repetition condition - dependent on one limited aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the moment of conception... etc. dependent on aggregates, the sense-base arises; dependent on the sense-base, aggregates arise; one primary element... etc. for non-percipient beings, one primary element... etc. (1)

An exalted state arises dependent on a limited state by non-repetition condition -at the moment of conception, dependent on the sense-base, exalted aggregates arise. (2)

Limited and exalted states arise dependent on a limited state by non-repetition condition - at the moment of conception, dependent on the sense-base, exalted aggregates arise; dependent on primary elements, kamma-born materiality arises. (3)

19. An exalted state arises dependent on an exalted state by non-repetition condition - dependent on one resultant exalted aggregate, three aggregates arise... etc. two aggregates... etc. at the moment of conception, dependent on one exalted aggregate, three aggregates arise... etc. (1) A limited state arises dependent on an exalted state by non-repetition condition - dependent on exalted aggregates, consciousness-originated materiality arises. At the moment of conception... etc. (2)

Limited and exalted states arise dependent on an exalted state by non-repetition condition - dependent on one resultant exalted aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the moment of conception, one exalted aggregate... etc. (3)

20. An immeasurable state arises dependent on an immeasurable state by non-repetition condition - dependent on one immeasurable resultant aggregate, three aggregates arise... etc. dependent on two aggregates, two aggregates arise. (1)

A limited state arises dependent on an immeasurable state by non-repetition condition - dependent on immeasurable aggregates, consciousness-originated materiality arises. (2)

Limited and immeasurable states arise dependent on an immeasurable state by non-repetition condition - dependent on one immeasurable resultant aggregate, three aggregates and consciousness-originated materiality arise... etc. (3)

21. A limited state arises dependent on a limited and immeasurable state by non-repetition condition - dependent on immeasurable aggregates and primary elements, consciousness-originated materiality arises. (1)

A limited state arises dependent on a limited and exalted state by non-repetition condition - dependent on exalted aggregates and primary elements, consciousness-originated materiality arises. At the moment of conception, dependent on exalted aggregates and primary elements, kamma-born materiality arises. (1)

An exalted state arises dependent on a limited and exalted state by non-repetition condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. (2)

Limited and exalted states arise dependent on a limited and exalted state by non-repetition condition - at the moment of conception, dependent on one exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. dependent on exalted aggregates and primary elements, kamma-born materiality arises. (3)

Non-kamma condition

22. A limited state arises dependent on a limited state by non-kamma condition - dependent on limited aggregates, limited volition arises. External... nutriment-originated, etc. temperature-originated... one primary element... etc. (1)

An exalted state arises dependent on an exalted state by non-kamma condition - dependent on exalted aggregates, exalted volition arises. (1)

An immeasurable state arises dependent on an immeasurable state by non-kamma condition - dependent on wholesome immeasurable aggregates, immeasurable volition arises. (1)

Non-result condition

23. A limited state arises dependent on a limited state by non-resultant condition - dependent on one limited aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. dependent on one primary element, three primary elements arise... etc. dependent on primary elements, consciousness-originated materiality and derivative materiality arise; external... nutriment-originated, etc. temperature-originated... for non-percipient beings, one primary element... etc. (1)

An exalted state arises dependent on an exalted state by non-resultant condition - dependent on one exalted aggregate, three aggregates arise... etc. two aggregates... etc. (1)

A limited state arises dependent on an exalted state by non-resultant condition - dependent on exalted aggregates, consciousness-originated materiality arises. (2)

Limited and exalted states arise dependent on an exalted state by non-resultant condition - dependent on one exalted aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. (3)

An immeasurable state arises dependent on an immeasurable state by non-resultant condition - dependent on one wholesome immeasurable aggregate, three aggregates arise... etc. (1)

A limited state arises dependent on an immeasurable state by non-resultant condition - dependent on wholesome immeasurable aggregates, consciousness-originated materiality arises. (2)

Limited and immeasurable states arise dependent on an immeasurable state by non-resultant condition - dependent on one wholesome immeasurable aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. (3)

A limited state arises dependent on a limited and immeasurable state by non-resultant condition - dependent on wholesome immeasurable aggregates and primary elements, consciousness-originated materiality arises. (1)

A limited state arises dependent on a limited and exalted state by non-resultant condition - dependent on exalted aggregates and primary elements, consciousness-originated materiality arises. (1)

Non-nutriment condition, etc.

24. A limited state arises dependent on a limited state by non-nutriments condition - external... temperature-originated... for non-percipient beings (to be expanded), etc. By non-faculty condition - external... nutriment-originated, etc. temperature-originated... for non-percipient beings... etc. dependent on primary elements, material life faculty arises, by non-meditative absorption condition - one aggregate accompanied by five-sense-consciousnesses... etc. external... etc. for non-percipient beings, one primary element... etc. (all primary elements should be made), by non-path condition - one rootless limited aggregate... etc. at the rootless rebirth moment, one... etc. (all primary elements should be made) by not associated condition... by not dissociated condition - in the immaterial-sphere of existence, dependent on one limited aggregate, three aggregates arise... etc. two aggregates... etc. external... nutriment-originated, etc. temperature-originated... for non-percipient beings... etc.

An exalted state arises dependent on an exalted state by not dissociated condition - in the immaterial-sphere of existence, one exalted aggregate... etc. (1)

An immeasurable state arises dependent on an immeasurable state by not dissociated condition - in the immaterial-sphere of existence, dependent on one immeasurable aggregate... etc. By non-absence condition? By non-disappearance condition.

Root Condition

28. A limited state arises conditioned by a limited state by root condition - conditioned by one limited aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the moment of conception... etc. conditioned by aggregates, the sense-base arises; conditioned by the sense-base, aggregates arise; conditioned by one primary element... etc. derivative materiality arises; conditioned by the sense-base, limited aggregates arise. (1)

An exalted state arises conditioned by a limited state by root condition - conditioned by the sense-base, exalted aggregates arise. At the moment of conception, conditioned by the sense-base, exalted aggregates arise. (2)

An immeasurable state arises conditioned by a limited state by root condition - conditioned by the sense-base, immeasurable aggregates arise. (3)

Limited and immeasurable states arise conditioned by a limited state by root condition - conditioned by the sense-base, immeasurable aggregates arise; conditioned by primary elements, consciousness-originated materiality arises. (4)

Limited and exalted states arise conditioned by a limited state by root condition - conditioned by the sense-base, exalted aggregates arise; conditioned by primary elements, consciousness-originated materiality arises. At the moment of conception, conditioned by the sense-base, exalted aggregates arise. (5)

29. An exalted state arises conditioned by an exalted state by root condition - conditioned by one exalted aggregate, three aggregates arise... etc. at the moment of conception, one exalted aggregate... etc. (1)

A limited state arises conditioned by an exalted state by root condition - conditioned by exalted aggregates, consciousness-originated materiality arises. At the moment of conception... etc. (2)

Limited and exalted states arise conditioned by an exalted state by root condition - conditioned by one exalted aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the moment of conception, one exalted aggregate... etc. (3)

An immeasurable state arises conditioned by an immeasurable state by root condition - immeasurable... three.

30. A limited state arises conditioned by a limited and immeasurable state by root condition - conditioned by immeasurable aggregates and primary elements, consciousness-originated materiality arises. (1)

An immeasurable state arises conditioned by a limited and immeasurable state by root condition - conditioned by one immeasurable aggregate and sense-base, three aggregates arise... etc. (2)

Limited and immeasurable states arise conditioned by a limited and immeasurable state by root condition - conditioned by one immeasurable aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. conditioned by immeasurable aggregates and primary elements, consciousness-originated materiality arises. (3)

A limited state arises conditioned by a limited and exalted state by root condition... three (at the moment of conception, three also should be made).

Object condition and so on

31. A limited state arises conditioned by a limited state by object condition - conditioned by one limited aggregate, three aggregates arise... etc. two aggregates... etc. at the moment of conception... etc. conditioned by the sense-base, aggregates arise; conditioned by the eye sense base, eye-consciousness arises... etc. conditioned by the body sense base, body-consciousness arises; conditioned by the sense-base, limited aggregates arise (the remaining six questions similar to root condition, seven should be made). By predominance condition (there is no conception, seventeen questions are complete). By proximity condition... etc. By non-disappearance condition.

1. Positive Condition

2. Section on Enumeration

32. By way of root seventeen, by way of object seven, by way of predominance seventeen, by way of proximity seven, by way of contiguity seven, by way of conscence seventeen, by way of mutuality nine, by way of support seventeen, by way of decisive support seven, by way of prenatal seven, by way of repetition seven, by way of action seventeen, by way of result seventeen, by way of nutriment seventeen, by way of faculty, by way of meditative absorption, by way of path seventeen, by way of association seven, by way of dissociation seventeen, by way of presence seventeen, by way of absence seven, by way of disappearance seven, by way of non-disappearance seventeen (thus it should be counted).

Positive.

2. Negative Condition

1. Section on Analysis

Non-root Condition

33. A limited state arises conditioned by a limited state by non-root condition - conditioned by one rootless limited aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the rootless rebirth

moment, etc. conditioned by aggregates, the sense-base arises; conditioned by the sense-base, aggregates arise; one primary element... etc. for non-percipient beings... etc. conditioned by the eye sense base, eye-consciousness arises... etc. conditioned by the body sense base, body-consciousness arises; conditioned by the sense-base, rootless limited aggregates arise; conditioned by aggregates accompanied by sceptical doubt and accompanied by restlessness and the sense-base, delusion accompanied by sceptical doubt and accompanied by restlessness arises. (1)

Non-object condition

34. A limited state arises conditioned by a limited state by non-object condition (similar to the section on the dependent. Five).

Non-predominance condition

35. A limited state arises conditioned by a limited state by non-predominance condition - conditioned by one limited aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the moment of conception... etc. for non-percipient beings... etc. The eye sense base... etc. The body sense base... etc. conditioned by the sense-base, limited aggregates arise. (1)

An exalted state arises conditioned by a limited state by non-predominance condition - conditioned by the sense-base, exalted predominance arises; conditioned by the sense-base, resultant exalted aggregates arise. At the moment of conception, conditioned by the sense-base, exalted aggregates arise. (2)

An immeasurable state arises conditioned by a limited state by non-predominance condition - conditioned by the sense-base, immeasurable predominance arises. (3)

Limited and exalted states arise conditioned by a limited state by non-predominance condition - conditioned by the sense-base, resultant exalted aggregates arise; conditioned by primary elements, consciousness-originated materiality arises. At the moment of conception... etc. (4)

36. An exalted state arises conditioned by an exalted state by non-predominance condition - conditioned by exalted aggregates, exalted predominance arises; conditioned by one resultant exalted aggregate, three aggregates arise... etc. two aggregates... etc. at the moment of conception... etc. (1)

A limited state arises conditioned by an exalted state by non-predominance condition - conditioned by resultant exalted aggregates, consciousness-originated materiality arises. At the moment of conception... etc. (2)

Limited and exalted states arise conditioned by an exalted state by non-predominance condition - conditioned by one resultant exalted aggregate, three aggregates and consciousness-originated materiality arise... etc. two aggregates... etc. at the moment of conception... etc. (3)

An immeasurable state arises conditioned by an immeasurable state by non-predominance condition - conditioned by immeasurable aggregates, immeasurable predominance arises. (1)

37. An immeasurable state arises conditioned by a limited and immeasurable state by non-predominance condition - conditioned by immeasurable aggregates and sense-base, immeasurable predominance arises. (1)

A limited state arises conditioned by a limited and exalted state by non-predominance condition - conditioned by resultant exalted aggregates and primary elements, consciousness-originated materiality arises. At the moment of conception... etc. (1)

An exalted state arises conditioned by a limited and exalted state by non-predominance condition - conditioned by exalted aggregates and sense-base, exalted predominance arises; conditioned by one resultant exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. at the moment of conception... etc. (2)

Limited and exalted states arise conditioned by a limited and exalted state by non-predominance condition - conditioned by one resultant exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. conditioned by resultant exalted aggregates and primary elements, consciousness-originated materiality arises. At the moment of conception, conditioned by one resultant exalted aggregate and sense-base, three aggregates arise... etc. two aggregates... etc. conditioned by resultant exalted aggregates and primary elements, kamma-born materiality arises. (3)

Non-proximity condition and so on

38. A limited state arises conditioned by a limited state by non-proximity condition... by non-contiguity condition... by non-mutuality condition... By non-decisive support condition? By non-prenascence condition? (Twelve questions similar to the section on the dependent) By non-postnascence condition... By non-repetition condition... (Should be completed in full, resultant should be explained, consciousness-originated materiality should not be made resultant) By non-kamma condition... By non-resultant condition... (There is also no conception resultant) By non-nutriments condition... By non-faculty condition? By non-condition of meditative absorption? By non-path condition? By not associated condition? By not dissociated condition? By non-absence condition? By non-disappearance condition.

Root Condition

42. A limited state arises conjoined with a limited state by root condition -conjoined with one limited aggregate, three aggregates arise, etc. two aggregates... etc. at the moment of conception... etc. (1)

An exalted state arises conjoined with an exalted state by root condition -conjoined with one exalted aggregate, three aggregates arise, etc. two aggregates... etc. at the moment of conception... etc. (1)

An immeasurable state arises conjoined with an immeasurable state by root condition - conjoined with one immeasurable aggregate, three aggregates arise, etc. two aggregates... etc. (1)

Object condition and so on

43. A limited state arises conjoined with a limited state by object condition... By predominance condition (there is no conception)... By proximity condition? By contiguity condition... By conascence condition? By mutuality condition... By support condition... By decisive support condition... By prenascence condition (there is no conception)... By repetition condition (there is neither resultant nor conception)... By kamma condition? By result condition? By nutriment condition? By faculty condition... By condition of meditative absorption? By path condition? By association condition... By dissociation condition? By presence condition? By absence condition? By disappearance condition... By non-disappearance condition.

1. Positive Condition

2. Section on Enumeration

44. By way of root three, by way of object three, by way of predominance three... etc. by way of non-disappearance three (so it should be counted).

Positive.

2. Negative Condition

1. Section on Analysis

Non-root Condition

45. A limited state arises conjoined with a limited state by non-root condition - conjoined with one rootless limited aggregate, three aggregates arise, etc. two aggregates... etc. at the rootless rebirth moment, etc. conjoined with aggregates accompanied by sceptical doubt and accompanied by restlessness, delusion accompanied by sceptical doubt and accompanied by restlessness arises. (1)

Non-predominance condition

46. A limited state arises conjoined with a limited state by non-predominance condition - conjoined with one limited aggregate, three aggregates arise, etc. two aggregates... etc. at the moment of conception... etc. (1)

An exalted state arises conjoined with an exalted state by non-predominance condition - conjoined with exalted aggregates, exalted predominance arises; conjoined with one resultant exalted aggregate... etc. at the moment of conception... etc. (1)

An immeasurable state arises conjoined with an immeasurable state by non-predominance condition - conjoined with immeasurable aggregates, immeasurable predominance arises. (1)

Non-prenascence condition

47. A limited state arises conjoined with a limited state by non-prenascence condition - in the immaterial-sphere of existence, conjoined with one limited aggregate, three aggregates arise, etc. at the moment of conception... etc. (1)

An exalted state arises conjoined with an exalted state by non-prenascence condition - in the immaterial-sphere of existence, conjoined with one exalted aggregate, three aggregates arise, etc. at the moment of conception... etc. (1)

An immeasurable state arises conjoined with an immeasurable state by non-prenascence condition - in the immaterial-sphere of existence, conjoined with one immeasurable aggregate, three aggregates arise, etc. (1)

Non-postnascence and non-repetition conditions

48. A limited state arises conjoined with a limited state by non-postnascence condition... by non-repetition condition - conjoined with one limited aggregate, three aggregates arise, etc. at the moment of conception... etc. (1)

An exalted state arises conjoined with an exalted state by non-repetition condition - conjoined with one resultant exalted aggregate, three aggregates arise, etc. at the moment of conception... etc. (1)

An immeasurable state arises conjoined with an immeasurable state by non-repetition condition - conjoined with one resultant immeasurable aggregate, three aggregates arise, etc. (1)

Non-kamma condition

49. A limited state arises conjoined with a limited state by non-kamma condition - conjoined with limited aggregates, limited volition arises. (1)

An exalted state arises conjoined with an exalted state by non-kamma condition - conjoined with exalted aggregates, exalted volition arises. (1)

An immeasurable state arises conjoined with an immeasurable state by non-kamma condition - conjoined with wholesome immeasurable aggregates, immeasurable volition arises. (1)

Non-result condition

50. A limited state arises conjoined with a limited state by non-resultant condition - conjoined with one limited aggregate, three aggregates arise, etc. (1)

An exalted state arises conjoined with an exalted state by non-resultant condition - conjoined with one exalted aggregate, three aggregates arise, etc. (1)

An immeasurable state arises conjoined with an immeasurable state by non-resultant condition - conjoined with one wholesome immeasurable aggregate, three aggregates arise, etc. (1)

Non-condition of meditative absorption etc.

51. A limited state arises conjoined with a limited state by non-meditative absorption condition... By non-path condition? by not dissociated condition - in the immaterial-sphere of existence, conjoined with one limited aggregate, three aggregates arise, etc. (1)

An exalted state arises conjoined with an exalted state by not dissociated condition - in the immaterial-sphere of existence, conjoined with one exalted aggregate, three aggregates arise, etc. (1)

An immeasurable state arises conjoined with an immeasurable state by not dissociated condition - in the immaterial-sphere of existence, conjoined with one immeasurable aggregate, three aggregates arise, etc. (1)

2. Negative Condition

2. Section on Enumeration

52. By way of non-root one, by way of non-predominance three, by way of non-prenascence three, by way of non-postnascence three, by way of non-repetition three, by way of non-kamma three, by way of non-resultant three, by way of non-

meditative absorption one, by way of non-path one, by way of the not dissociated three (so it should be counted).

Negative.

3. Positive-Negative Condition

53. By way of root condition, by way of non-predominance three, by way of non-prenascence, by way of non-postnascence, by way of non-repetition, by way of non-kamma, by way of non-resultant, by way of the not dissociated three (so it should be counted).

(The section on the associated is similar to the section on the conjoined.)

7. Section on Questions

1. Positive Condition

1. Section on Analysis

Root Condition

55. A limited state is a condition for a limited state by way of root condition -limited roots are a condition by way of root condition for associated aggregates and for consciousness-originated materiality. At the moment of conception... etc. (1)

An exalted state is a condition for an exalted state by way of root condition...three (occurrence and conception should be made).

An immeasurable state is a condition for an immeasurable state by way of root condition... three.

Object condition

56. A limited state is a condition for a limited state by way of object condition - having given a gift, having taken upon oneself morality, having performed the Observance practice, one reviews that; one reviews what was well practised before; noble ones review the change-of-lineage; they review the cleansing; they review the abandoned defilements; they review the suppressed defilements; they know the defilements previously indulged in. The eye... etc. the sense-base... they see with insight the limited aggregates as impermanent... etc. they enjoy them, delight in

them; referring to that, lust arises... etc. Displeasure arises. The visible form sense base is a condition by way of object condition for eye-consciousness... etc. the touch sense base is a condition by way of object condition for body-consciousness. (1)

A limited state is a condition for an exalted state by way of object condition -one sees materiality with the divine eye, hears sound with the divine ear element, with the knowledge of others' mental states knows the consciousness of one possessing limited consciousness. Limited aggregates are a condition by way of object condition for the knowledge of various kinds of supernormal power, for the knowledge of others' mental states, for the knowledge of recollecting past lives, for the knowledge of rebirth according to beings' actions, for the knowledge of future events. (2)

57. An exalted state is a condition for an exalted state by way of object condition - with the knowledge of others' mental states one knows the consciousness of one possessing exalted consciousness; the plane of infinite space is a condition for the plane of infinite consciousness... the plane of nothingness is a condition by way of object condition for the plane of neither-perception-nor-non-perception. Exalted aggregates are a condition by way of object condition for the knowledge of various kinds of supernormal power, for the knowledge of others' mental states, for the knowledge of recollecting past lives, for the knowledge of rebirth according to beings' actions, for the knowledge of future events. (1)

An exalted state is a condition for a limited state by way of object condition -one reviews the first meditative absorption... etc. one reviews the plane of neither-perception-nor-non-perception, one reviews the divine eye, one reviews the divine ear element, one reviews the knowledge of various kinds of supernormal power, one reviews the knowledge of others' mental states, one reviews the knowledge of recollecting past lives, one reviews the knowledge of rebirth according to beings' actions, one reviews the knowledge of future events. One sees with insight the exalted aggregates as impermanent... etc. enjoys them, delights in them; referring to that, lust arises... etc. Displeasure arises. (2)

58. An immeasurable state is a condition for an immeasurable state by way of object condition - Nibbāna is a condition by way of object condition for the path, for fruition. (1)

An immeasurable state is a condition for a limited state by way of object condition - noble ones, having emerged from the path, review the path, review fruition, review Nibbāna; Nibbāna is a condition by way of object condition for change-of-lineage, for cleansing, for adverting. (2)

An immeasurable state is a condition for an exalted state by way of object condition - noble ones with the knowledge of others' mental states know the consciousness of one possessing immeasurable consciousness; immeasurable aggregates are a condition by way of object condition for the knowledge of others' mental states, for the knowledge of recollecting past lives, for the knowledge of future events. (3)

Predominance condition

59. A limited state is a condition for a limited state by way of predominance condition - object predominance, connascent predominance. Object predominance - having given a gift, having taken upon oneself morality, having performed the

Observance practice, having given weight to that, one reviews; having given weight to what was well practised before, one reviews. Learners, having given weight to the change-of-lineage, review; having given weight to the cleansing, they review. The eye... etc. the sense-base... having given weight to limited aggregates, one enjoys them, delights in them; having given weight to that, lust arises, wrong view arises. Connascent predominance - limited predominance is a condition by way of predominance condition for associated aggregates and for consciousness-originated materiality. (1)

An exalted state is a condition for an exalted state by way of predominance condition. Connascent predominance - exalted predominance is a condition by way of predominance condition for associated aggregates. (1)

An exalted state is a condition for a limited state by way of predominance condition - object predominance, connascent predominance. Object predominance - having given weight to the first meditative absorption... etc. the plane of neither-perception-nor-non-perception... etc. the divine eye... etc. having given weight to the knowledge of future events, one reviews. Having given weight to exalted aggregates, one enjoys them, delights in them; having given weight to that, lust arises... wrong view arises. Connascent predominance - exalted predominance is a condition by way of predominance condition for consciousness-originated materiality. (2)

An exalted state is a condition for a limited and an exalted state by way of predominance condition. Connascent predominance - exalted predominance is a condition by way of predominance condition for associated aggregates and for consciousness-originated materiality. (3)

60. An immeasurable state is a condition for an immeasurable state by way of predominance condition - object predominance, connascent predominance. Object predominance - Nibbāna for the path... is a condition for fruition by way of predominance condition. Connascent predominance - immeasurable predominance is a condition by way of predominance condition for associated aggregates. (1)

An immeasurable state is a condition for a limited state by way of predominance condition - object predominance, connascent predominance. Object predominance - noble ones, having emerged from the path, having given weight to the path, review; having given weight to fruition, review; having given weight to Nibbāna, review; Nibbāna is a condition by way of predominance condition for change-of-lineage, for cleansing. Connascent predominance - immeasurable predominance is a condition by way of predominance condition for consciousness-originated materiality. (2)

An immeasurable state is a condition for a limited and an immeasurable state by way of predominance condition. Connascent predominance - immeasurable predominance is a condition by way of predominance condition for associated aggregates and for consciousness-originated materiality. (3)

Proximity condition

61. A limited state is a condition for a limited state by way of proximity condition - the former and former limited aggregates are a condition by way of proximity condition for the latter and latter limited aggregates. Conformity for change-of-

lineage, etc. conformity for cleansing, etc. advertizing is a condition by way of proximity condition for limited aggregates. (1)

A limited state is a condition for an exalted state by way of proximity condition - limited death consciousness is a condition by way of proximity condition for exalted rebirth consciousness. Limited aggregates are a condition by way of proximity condition for exalted emergence. The preliminary work for the first meditative absorption, etc. the preliminary work for the plane of neither-perception-nor-non-perception, etc. the preliminary work for the divine eye, etc. the preliminary work for the knowledge of future events is a condition by way of proximity condition for the knowledge of future events. (2)

A limited state is a condition for an immeasurable state by way of proximity condition - change-of-lineage for the path, etc. cleansing for the path, etc. conformity is a condition by way of proximity condition for fruition attainment. (3)

62. An exalted state is a condition for an exalted state by way of proximity condition - the former and former exalted aggregates are a condition by way of proximity condition for the latter and latter exalted aggregates. (1)

An exalted state is a condition for a limited state by way of proximity condition - exalted death consciousness is a condition by way of proximity condition for limited rebirth consciousness. Exalted life-continuum is a condition by way of proximity condition for advertizing. Exalted aggregates are a condition by way of proximity condition for limited emergence. (2)

An exalted state is a condition for a limitless state by way of proximity condition - for one emerging from cessation, the plane of neither-perception-nor-non-perception is a condition by way of proximity condition for fruition attainment. (3)

63. An immeasurable state is a condition for an immeasurable state by way of proximity condition - the former and former immeasurable aggregates are a condition by way of proximity condition for the latter and latter immeasurable aggregates. The path for fruition, etc. fruition is a condition by way of proximity condition for fruition. (1)

An immeasurable state is a condition for a limited state by way of proximity condition - fruition is a condition by way of proximity condition for limited emergence. (2)

An immeasurable state is a condition for an exalted state by way of proximity condition - fruition is a condition by way of proximity condition for exalted emergence. (3)

(The contiguity condition is similar to the proximity condition.)

Conascence condition

64. A limited state is a condition for a limited state by way of conascence condition - one limited aggregate is a condition for three aggregates and for consciousness-originated materiality by way of conascence condition... etc. two aggregates... etc. at the moment of conception... etc. the aggregates for the sense-base, the sense-base is a condition for the aggregates by way of conascence condition; one primary element... etc. for non-percipient beings... etc. (1)

A limited state is a condition for an exalted state by way of conascence condition -at the moment of conception, the sense-base is a condition for the exalted aggregates by way of conascence condition. (2)

65. An exalted state is a condition for an exalted state by way of conascence condition - one exalted aggregate is a condition for three aggregates... etc. two aggregates... etc. at the moment of conception... etc. (1)

An exalted state is a condition for a limited state by way of conascence condition - exalted aggregates are a condition for consciousness-originated materiality by way of conascence condition. At the moment of conception, exalted aggregates are a condition for kamma-born materiality by way of conascence condition. (2)

An exalted state is a condition for a limited and an exalted state by way of conascence condition - one exalted aggregate is a condition for three aggregates and for consciousness-originated materiality by way of conascence condition... etc. two aggregates... etc. at the moment of conception... etc. (3)

66. An immeasurable state is a condition for an immeasurable state by way of conascence condition - one immeasurable aggregate is a condition for three aggregates by way of conascence condition... etc. (1)

An immeasurable state is a condition for a limited state by way of conascence condition - immeasurable aggregates are a condition for consciousness-originated materiality by way of conascence condition. (2)

An immeasurable state is a condition for a limited and an immeasurable state by way of conascence condition - one immeasurable aggregate is a condition for three aggregates and for consciousness-originated materiality by way of conascence condition... etc. (3)

67. A limited and an immeasurable state are a condition for a limited state by way of conascence condition - the immeasurable aggregates and the primary elements are a condition for consciousness-originated materiality by way of conascence condition. (1)

A limited and an exalted state are a condition for a limited state by way of conascence condition - the exalted aggregates and the primary elements are a condition for consciousness-originated materiality by way of conascence condition. At the moment of conception, the exalted aggregates and the primary elements are a condition for kamma-born materiality by way of conascence condition. (1)

A limited and an exalted state are a condition for an exalted state by way of conascence condition - at the moment of conception, one exalted aggregate and the sense-base are a condition for three aggregates by way of conascence condition... etc. (2)

Mutuality condition

68. A limited state is a condition for a limited state by way of mutuality condition - one limited aggregate is a condition for three aggregates by way of mutuality condition... etc. at the moment of conception... etc. the aggregates for the sense-

base... etc. the sense-base is a condition for the aggregates by way of mutuality condition; one primary element... etc. for non-percipient beings... etc. (1)

A limited state is a condition for an exalted state by way of mutuality condition... etc. at the moment of conception, the sense-base is a condition for the exalted aggregates by way of mutuality condition... etc. (2)

An exalted state is a condition for an exalted state by way of mutuality condition - one exalted aggregate is a condition for three aggregates by way of mutuality condition... etc. at the moment of conception... etc. (1)

An exalted state is a condition for a limited state by way of mutuality condition - at the moment of conception, the exalted aggregates are a condition for the sense-base by way of mutuality condition. (2)

An exalted state is a condition for a limited and an exalted state by way of mutuality condition - at the moment of conception, one exalted aggregate is a condition for three aggregates and for the sense-base by way of mutuality condition... etc. (3)

An immeasurable state is a condition for an immeasurable state by way of mutuality condition - one immeasurable aggregate is a condition for three aggregates by way of mutuality condition... etc. two aggregates... etc. (1)

A limited and an exalted state are a condition for an exalted state by way of mutuality condition - at the moment of conception, one exalted aggregate and the sense-base are a condition for three aggregates by way of mutuality condition... etc. (1)

Support condition

69. A limited state is a condition for a limited state by way of support condition - one limited aggregate is a condition for three aggregates and for consciousness-originated materiality by way of support condition... etc. two aggregates... etc. at the moment of conception... etc. the aggregates for the sense-base... etc. the sense-base is a condition for the aggregates by way of support condition... etc. one primary element... etc. for non-percipient beings, one primary element... etc. the eye sense base for eye-consciousness... etc. the body sense base for body-consciousness... the sense-base is a condition for the limited aggregates by way of support condition. (1)

A limited state is a condition for an exalted state by way of support condition - the sense-base is a condition for the exalted aggregates by way of support condition. At the moment of conception, the sense-base is a condition for the exalted aggregates by way of support condition. (2)

A limited state is a condition for an immeasurable state by way of support condition - the sense-base is a condition for the immeasurable aggregates by way of support condition. (3)

70. An exalted state is a condition for an exalted state by way of support condition - one exalted aggregate is a condition for three aggregates... etc. two aggregates... etc. at the moment of conception... etc. (1)

An exalted state is a condition for a limited state by way of support condition - exalted aggregates are a condition for consciousness-originated materiality by way of support condition. At the moment of conception, exalted aggregates are a condition for kamma-born materiality by way of support condition. (2)

An exalted state is a condition for a limited and an exalted state by way of support condition - one exalted aggregate is a condition for three aggregates and for consciousness-originated materiality by way of support condition... etc. two aggregates... etc. at the moment of conception... etc. (3)

71. An immeasurable state is a condition for an immeasurable state by way of support condition - one immeasurable aggregate is a condition for three aggregates by way of support condition... etc. (1)

An immeasurable state is a condition for a limited state by way of support condition - immeasurable aggregates are a condition for consciousness-originated materiality by way of support condition. (2)

An immeasurable state is a condition for a limited and an immeasurable state by way of support condition - one immeasurable aggregate is a condition for three aggregates and for consciousness-originated materiality by way of support condition... etc. (3)

A limited and an immeasurable state are a condition for a limited state by way of support condition - immeasurable aggregates and the primary elements are a condition for consciousness-originated materiality by way of support condition. (1)

A limited and an immeasurable state are a condition for an immeasurable state by way of support condition - one immeasurable aggregate and the sense-base are a condition for three aggregates by way of support condition... etc. two aggregates... etc. (2)

A limited and an exalted state are a condition for a limited state by way of support condition - exalted aggregates and the primary elements are a condition for consciousness-originated materiality by way of support condition. At the moment of conception, the exalted aggregates and the primary elements are a condition for kamma-born materiality by way of support condition. (1)

A limited and an exalted state are a condition for an exalted state by way of support condition - one exalted aggregate and the sense-base are a condition for three aggregates by way of support condition... etc. at the moment of conception, one exalted aggregate and the sense-base are a condition for three aggregates by way of support condition... etc. two aggregates... etc. (2)

Decisive support condition

72. A limited state is a condition for a limited state by way of decisive support condition - object decisive support, proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on limited faith one gives a gift, takes upon oneself morality, performs the Observance practice, produces insight, mutters conceit, takes wrong view, limited morality, etc. wisdom... lust, etc. longing... bodily pleasure, etc. in dependence on lodging one gives a gift, morality, etc.

Observance, etc. produces insight, kills a living being, etc. breaks the monastic community. Limited faith, etc. wisdom, lust, etc. longing, bodily pleasure, etc. lodging is a condition for limited faith, etc. for wisdom, for lust, etc. for longing, for bodily pleasure, for bodily pain by way of decisive support condition. Wholesome-unwholesome action is a condition for resultant by way of decisive support condition. Killing living beings is a condition for killing living beings by way of decisive support condition (the cycle should be done). The action of matricide is a condition for the action of matricide by way of decisive support condition (the cycle should be done similar to the triad of wholesome). (1)

A limited state is a condition for an exalted state by way of decisive support condition - proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on limited faith one produces exalted meditative absorption, produces direct knowledge, produces attainment. Limited morality, etc. wisdom... lust, etc. in dependence on lodging one produces exalted meditative absorption, produces direct knowledge, produces attainment. Limited faith, etc. lodging is a condition for exalted faith, etc. is a condition by way of decisive support condition for wisdom. The preliminary work for the first meditative absorption, etc. The preliminary work for the plane of neither-perception-nor-non-perception is a condition by way of decisive support condition for the plane of neither-perception-nor-non-perception. The preliminary work for the divine eye, etc. the preliminary work for the knowledge of future events, etc. (2)

A limited state is a condition for a limitless state by way of decisive support condition - proximity decisive support, natural decisive support, etc. Natural decisive support: in dependence on limited faith one produces limitless meditative absorption, produces the path, produces fruition attainment. Limited morality, etc. wisdom... lust, etc. longing... bodily pleasure, etc. in dependence on lodging one produces limitless meditative absorption, produces the path, produces fruition attainment. Limited faith, etc. lodging is a condition for limitless faith, etc. for wisdom, for the path, for fruition attainment by way of decisive support condition. The preliminary work for the first path is a condition for the first path, etc. The preliminary work for the fourth path is a condition by way of decisive support condition for the fourth path. (3)

73. An exalted state is a condition for an exalted state by way of decisive support condition - proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on exalted faith one produces exalted meditative absorption, produces direct knowledge, produces attainment. Exalted morality, etc. in dependence on wisdom one produces exalted meditative absorption, produces direct knowledge, produces attainment. Exalted faith, etc. wisdom is a condition for exalted faith, etc. is a condition by way of decisive support condition for wisdom. The first meditative absorption is a condition for the second meditative absorption, etc. The plane of nothingness is a condition by way of decisive support condition for the plane of neither-perception-nor-non-perception. (1)

An exalted state is a condition for a limited state by way of decisive support condition - object decisive support, proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on exalted faith one gives a gift, takes upon oneself morality, performs the Observance practice, produces insight, mutters conceit, takes wrong view, exalted morality, etc. in dependence on wisdom one gives

a gift, etc. produces insight, etc. exalted faith, etc. wisdom is a condition for limited faith, etc. for wisdom, etc. for bodily pleasure, for bodily pain by way of decisive support condition. (2)

An exalted state is a condition for a limitless state by way of decisive support condition - proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on exalted faith one produces limitless meditative absorption, produces the path, produces fruition attainment. Exalted morality, etc. in dependence on wisdom one produces limitless meditative absorption, produces the path, produces fruition attainment. Exalted faith, etc. wisdom is a condition for limitless faith, etc. for wisdom, for the path, for fruition attainment by way of decisive support condition. (3)

74. A limitless state is a condition for a limitless state by way of decisive support condition - object decisive support, proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on limitless faith one produces limitless meditative absorption, produces the path, produces fruition attainment. Limitless morality, etc. in dependence on wisdom one produces limitless meditative absorption, produces the path, produces fruition attainment. Limitless faith, etc. wisdom is a condition for limitless faith, etc. is a condition by way of decisive support condition for wisdom. The first path for the second path, etc. the third path for the fourth path, The path is a condition for fruition attainment by way of decisive support condition. (1)

A limitless state is a condition for a limited state by way of decisive support condition - object decisive support, proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on limitless faith one gives a gift, morality, etc. Observance practice, produces insight. Limitless morality, etc. in dependence on wisdom one gives a gift, morality, etc. Observance practice, insight... limitless faith, etc. wisdom is a condition for limited faith, etc. for wisdom, etc. for bodily pleasure, for bodily pain by way of decisive support condition. Fruition attainment is a condition by way of decisive support condition for bodily pleasure. Noble ones, in dependence on the path, see with insight activities as impermanent, etc. The path is a condition for noble ones' analytical knowledge of meaning, etc. analytical knowledge of discernment, for skill in the possible and impossible by way of decisive support condition. (2)

An immeasurable state is a condition for an exalted state by way of decisive support condition - proximity decisive support, natural decisive support, etc. Natural decisive support - in dependence on immeasurable faith one produces exalted meditative absorption, produces direct knowledge, produces attainment, immeasurable morality, etc. in dependence on wisdom one produces exalted meditative absorption, produces direct knowledge, produces attainment. Limitless faith, etc. wisdom is a condition for exalted faith, etc. for wisdom by way of decisive support condition, noble ones, in dependence on the path, produce unarisen attainment, attain arisen attainment. (3)

Prenascence condition

75. A limited state is a condition for a limited state by way of pre-nascence condition - object pre-nascence, sense-organ pre-nascence. Object pre-nascence - one sees with insight the eye as impermanent... etc. enjoys them, delights in them; referring to that,

lust arises... etc. Displeasure arises. The ear... etc. the sense-base as impermanent... etc. Displeasure arises. The visible form sense base is a condition by way of object condition for eye-consciousness... etc. The touch sense base is a condition for body-consciousness by way of prenascent condition. Sense-organ prenascent - the eye sense base for eye-consciousness... etc. the body sense base for body-consciousness... the sense-base is a condition for the limited aggregates by way of prenascent condition. (1)

A limited state is a condition for an exalted state by way of prenascent condition - object prenascent, sense-organ prenascent. Object prenascent - One sees materiality with the divine eye, hears sound with the divine ear element. Sense-organ prenascent - the sense-base is a condition for the exalted aggregates by way of prenascent condition. (2)

A limited state is a condition for an immeasurable state by way of prenascent condition. Sense-organ prenascent - the sense-base is a condition for the immeasurable aggregates by way of prenascent condition. (3)

Postnascent condition

76. A limited state is a condition for a limited state by way of postnascent condition - postnascent limited aggregates are a condition for this prenascent body by way of postnascent condition. (1)

An exalted state is a condition for a limited state by way of postnascent condition - postnascent exalted aggregates are a condition for this prenascent body by way of postnascent condition. (1)

An immeasurable state is a condition for a limited state by way of postnascent condition - postnascent immeasurable aggregates are a condition for this prenascent body by way of postnascent condition. (1)

Repetition condition

77. A limited state is a condition for a limited state by way of repetition condition - the former and former limited aggregates for the latter and latter limited aggregates... etc. conformity is a condition by way of repetition condition for change-of-lineage, conformity is a condition by way of repetition condition for cleansing. (1)

A limited state is a condition for an exalted state by way of repetition condition -the preliminary work for the first meditative absorption is a condition by way of repetition condition for that same... etc. the preliminary work for the plane of neither-perception-nor-non-perception is a condition by way of repetition condition for that same. The preliminary work for the divine eye, etc. the preliminary work for the knowledge of future events is a condition by way of repetition condition for the knowledge of future events. (2)

A limited state is a condition for a limitless state by way of repetition condition - change-of-lineage for the path, etc. cleansing is a condition by way of repetition condition for the path. (3)

An exalted state is a condition for an exalted state by way of repetition condition -the former and former exalted aggregates for the latter and latter exalted aggregates... etc. is a condition by way of repetition condition. (1)

Kamma condition

78. A limited state is a condition for a limited state by way of kamma condition - conascence, asynchronous. Conascence - limited volition is a condition by way of kamma condition for associated aggregates and for consciousness-originated materiality. At the moment of conception, limited volition is a condition by way of kamma condition for associated aggregates and for kamma-born materiality. Asynchronous - limited volition is a condition by way of kamma condition for resultant limited aggregates and for kamma-born materiality. (1)

An exalted state is a condition for an exalted state by way of kamma condition - conascence, asynchronous. Conascence - exalted volition is a condition by way of kamma condition for associated aggregates. At the moment of conception, exalted volition is a condition by way of kamma condition for associated aggregates. Asynchronous - exalted volition is a condition by way of kamma condition for resultant exalted aggregates. (1)

An exalted state is a condition for a limited state by way of kamma condition - conascence, asynchronous. Conascence - exalted volition is a condition by way of kamma condition for consciousness-originated materiality. At the moment of conception, exalted volition is a condition by way of kamma condition for kamma-born materiality. Asynchronous - exalted volition is a condition by way of kamma condition for kamma-born materiality. (2)

An exalted state is a condition for a limited and an exalted state by way of kamma condition - conascence, asynchronous. Conascence - exalted volition is a condition by way of kamma condition for associated aggregates and for consciousness-originated materiality. At the moment of conception, exalted volition is a condition by way of kamma condition for associated aggregates and for kamma-born materiality. Asynchronous - exalted volition is a condition by way of kamma condition for resultant exalted aggregates and for kamma-born materiality. (3)

79. An immeasurable state is a condition for an immeasurable state by way of kamma condition - conascence, asynchronous. Conascence - immeasurable volition is a condition by way of kamma condition for associated aggregates. Asynchronous - immeasurable volition is a condition by way of kamma condition for resultant immeasurable aggregates. (1)

An immeasurable state is a condition for a limited state by way of kamma condition - immeasurable volition is a condition by way of kamma condition for consciousness-originated materiality. (2)

An immeasurable state is a condition for a limited and an immeasurable state by way of kamma condition - immeasurable volition is a condition by way of kamma condition for associated aggregates and for consciousness-originated materiality. (3)

Result condition

80. A limited state is a condition for a limited state by way of result condition -one resultant limited aggregate is a condition for three aggregates and for consciousness-originated materiality by way of result condition... etc. at the moment of conception... etc. the aggregates are a condition for the sense-base by way of result condition.(1)

An exalted state is a condition for an exalted state by way of result condition... etc. (three questions, occurrence and conception should be made). (3)

An immeasurable state is a condition for an immeasurable state by way of result condition... three (occurrence only).

Nutriments condition and so on

81. A limited state is a condition for a limited state by way of nutriment condition... etc. by way of faculty condition... by way of condition of meditative absorption... by way of path condition... by way of associated condition... by way of dissociated condition - conascence, prenascent, postnascent. Conascence - limited aggregates are a condition for consciousness-originated materiality by way of dissociated condition. At the moment of conception, limited aggregates are a condition for kamma-born materiality by way of dissociated condition. The aggregates for the sense-base... etc. the sense-base is a condition for the aggregates by way of dissociated condition. Prenascent - the eye sense base is a condition for eye-consciousness by way of dissociated condition, etc. the body sense base is a condition for body-consciousness by way of dissociated condition. The sense-base is a condition for the limited aggregates by way of dissociated condition. Postnascent - limited aggregates are a condition for this prenascent body by way of dissociated condition. (1)

A limited state is a condition for an exalted state by way of dissociated condition - conascence, prenascent. Conascence - at the moment of conception, the sense-base is a condition for the exalted aggregates by way of dissociated condition. Prenascent - the sense-base is a condition for the exalted aggregates by way of dissociated condition. (2)

A limited state is a condition for an immeasurable state by way of dissociated condition. Prenascent - the sense-base is a condition for the immeasurable aggregates by way of dissociated condition. (3)

82. An exalted state is a condition for a limited state by way of dissociated condition - conascence, postnascent. Conascence - exalted aggregates are a condition for consciousness-originated materiality by way of dissociated condition. At the moment of conception... etc. Postnascent - exalted aggregates are a condition for this prenascent body by way of dissociated condition. (1)

An immeasurable state is a condition for a limited state by way of dissociated condition - conascence, postnascent. Conascence - immeasurable aggregates are a condition for consciousness-originated materiality by way of dissociated condition. Postnascent - immeasurable aggregates are a condition for this prenascent body by way of dissociated condition. (1)

Presence condition

83. A limited state is a condition for a limited state by way of presence condition - conascence, prenascent, postnascent, nutriment, faculty. Conascence - one limited aggregate is a condition for three aggregates and for consciousness-originated materiality by way of presence condition... etc. two aggregates... etc. at the moment of conception... etc. The aggregates are a condition for the sense-base by way of presence condition. The sense-base is a condition for the aggregates by way of presence condition; one primary element... etc. for non-percipient beings... etc. Prenascent - the eye... etc. the sense-base as impermanent... etc. one sees with insight, enjoys, delights in it; referring to that, lust arises... etc. displeasure arises; the visible form sense base for eye-consciousness... etc. the touch sense base is a condition for body-consciousness by way of presence condition. The eye sense base is a condition for eye-consciousness by way of presence condition... etc. the body sense base for body-consciousness... etc. the sense-base is a condition for the limited aggregates by way of presence condition. Postnascent - limited aggregates are a condition for this prenascent body by way of presence condition. Edible food is a condition for this body by way of presence condition. The material life faculty is a condition for kamma-born materiality by way of presence condition. (1)

A limited state is a condition for an exalted state by way of presence condition - conascence, prenascent. Conascence - at the moment of conception, the sense-base is a condition for the exalted aggregates by way of presence condition. Prenascent - one sees materiality with the divine eye, hears sound with the divine ear element; the sense-base is a condition for the exalted aggregates by way of presence condition. (2)

A limited state is a condition for an immeasurable state by way of presence condition. Prenascent - the sense-base is a condition for the immeasurable aggregates by way of presence condition. (3)

84. An exalted state is a condition for an exalted state by way of presence condition. One exalted aggregate is a condition for three aggregates... etc. two aggregates... etc. at the moment of conception... etc. (1)

An exalted state is a condition for a limited state by way of presence condition - conascence, postnascent. Conascence - exalted aggregates are a condition for consciousness-originated materiality by way of presence condition. At the moment of conception, exalted aggregates are a condition for kamma-born materiality by way of presence condition. Postnascent - exalted aggregates are a condition for this prenascent body by way of presence condition. (2)

An exalted state is a condition for a limited and an exalted state by way of presence condition - one exalted aggregate is a condition for three aggregates and for consciousness-originated materiality by way of presence condition... etc. two aggregates... etc. at the moment of conception... etc. (3)

85. An immeasurable state is a condition for an immeasurable state by way of presence condition - one immeasurable aggregate is a condition for three aggregates... etc. (1)

An immeasurable state is a condition for a limited state by way of presence condition - conascence, postnascence. Conascence - immeasurable aggregates are a condition for consciousness-originated materiality by way of presence condition. Postnascence - immeasurable aggregates are a condition for this prenascent body by way of presence condition. (2)

An immeasurable state is a condition for a limited and an immeasurable state by way of presence condition - one immeasurable aggregate is a condition for three aggregates and for consciousness-originated materiality by way of presence condition... etc. (3)

86. A limited and an immeasurable state are a condition for a limited state by way of presence condition - conascence, postnascence, nutriment, faculty. Conascence - immeasurable aggregates and the primary elements are a condition for consciousness-originated materiality by way of presence condition. Postnascence - immeasurable aggregates and edible food are a condition for this body by way of presence condition. Postnascence - immeasurable aggregates and the material life faculty are a condition for kamma-born materiality by way of presence condition. (1)

A limited and an immeasurable state are a condition for an immeasurable state by way of presence condition - conascence, prenascent. Conascence - one immeasurable aggregate and the sense-base are a condition for three aggregates by way of presence condition... etc. two aggregates... etc. (2)

A limited and an exalted state are a condition for a limited state by way of presence condition - conascence, postnascence, nutriment, faculty. Conascence - exalted aggregates and the primary elements are a condition for consciousness-originated materiality by way of presence condition. At the moment of conception, exalted aggregates and the primary elements are a condition for kamma-born materiality by way of presence condition. Postnascence - exalted aggregates and edible food are a condition for this body by way of presence condition. Postnascence - exalted aggregates and the material life faculty are a condition for kamma-born materiality by way of presence condition. (1)

A limited and an exalted state are a condition for an exalted state by way of presence condition - conascence, prenascent. Conascence - one exalted aggregate and the sense-base are a condition for three aggregates by way of presence condition... etc. two aggregates... etc. at the moment of conception, one exalted aggregate and the sense-base are a condition for three aggregates by way of presence condition... etc. two aggregates and the sense-base... etc. by way of absence condition... by way of disappearance condition... by way of non-disappearance condition. (2)

1. Positive Condition

2. Section on Enumeration

87. By way of root seven, by way of object seven, by way of predominance seven, by way of proximity nine, by way of contiguity nine, by way of conascence eleven, by way of mutuality seven, by way of support thirteen, by way of decisive support nine, by way of prenascent three, by way of postnascence three, by way of repetition four, by way of action seven, by way of result, by way of nutriment, by way of faculty,

by way of meditative absorption, by way of path seven, by way of association three, by way of dissociation five, by way of presence thirteen, by way of absence nine, by way of disappearance nine, by way of non-disappearance thirteen (thus it should be counted).

Positive.

Negative Extraction

88. A limited state is a condition for a limited state by way of object condition...by way of consciousness condition... by way of decisive support condition... by way of pre-nascence condition... by way of post-nascence condition... by way of kamma condition... by way of nutriment condition... by way of faculty condition. (1)

A limited state is a condition for an exalted state by way of object condition...by way of consciousness condition... by way of decisive support condition... by way of pre-nascence condition. (2)

A limited state is a condition for a limitless state by way of decisive support condition... by way of pre-nascence condition. (3)

An exalted state is a condition for an exalted state by way of object condition...by way of consciousness condition... by way of decisive support condition. (1)

An exalted state is a condition for a limited state by way of object condition...by way of consciousness condition... by way of decisive support condition... by way of post-nascence condition... by way of kamma condition. (2)

An exalted state is a condition for a limitless state by way of decisive support condition. (3)

An exalted state is a condition for a limited and an exalted state by way of consciousness condition... by way of kamma condition. (4)

89. An immeasurable state is a condition for an immeasurable state by way of consciousness condition... by way of decisive support condition. (1)

An immeasurable state is a condition for a limited state by way of object condition... by way of consciousness condition... by way of decisive support condition...by way of post-nascence condition. (2)

An immeasurable state is a condition for an exalted state by way of object condition... by way of decisive support condition. (3)

An immeasurable state is a condition for a limited and an immeasurable state by way of consciousness condition. (4)

A limited and an immeasurable state are a condition for a limited state by way of consciousness, post-nascence, nutriment, faculty. (1)

A limited and an immeasurable state are a condition for an immeasurable state by way of consciousness, pre-nascence. (2)

A limited and an exalted state are a condition for a limited state by way of consciousness, post-nascence, nutriment, faculty. (1)

A limited and an exalted state are a condition for an exalted state by way of conascence, prenascent. (2)

2. Negative Condition

2. Section on Enumeration

90. By way of non-root fifteen, by way of non-object fifteen, by way of non-predominance, by way of non-proximity, by way of non-contiguity fifteen, by way of non-conascence twelve, by way of non-mutuality twelve, by way of non-support twelve, by way of non-decisive support fourteen, by way of non-prenascence fourteen, by way of non-postnascence fifteen, by way of non-repetition fifteen... etc. by way of non-path fifteen, by way of the not associated twelve, by way of the not dissociated ten, by way of non-presence ten, by way of non-absence fifteen, by way of non-disappearance fifteen, by way of non-non-disappearance ten (thus it should be counted).

Negative.

3. Positive-Negative Condition

Root dyad

91. By root condition: by way of non-object seven, by way of non-predominance, by way of non-proximity, by way of non-contiguity seven, by way of non-mutuality three, by way of non-decisive support seven, by way of non-prenascence seven... etc. by way of non-path seven, by way of the not associated three, by way of the not dissociated three, by way of non-absence seven, by way of non-disappearance seven (so it should be counted).

Positive-negative.

4. Negative-Positive Condition

Non-root dyad

92. By non-root condition, by way of object seven, by way of predominance seven, by way of proximity nine, by way of contiguity nine, by way of conascence eleven, by way of mutuality seven, by way of support thirteen, by way of decisive support nine, by way of prenascent three, by way of postnascence three, by way of repetition four, by way of action seven... etc. by way of path seven, by way of association three, by way of dissociation five, by way of presence thirteen, by way of absence nine, by way of disappearance nine, by way of non-disappearance thirteen.

Negative-positive.

The triad of limited states is finished.
