(Thus the section on the dependent, the section on the conascence, the section on the conditions, the section on the support, the section on the conjoined, and the section on the associated should be done as the mental corruption dyad, slanting towards.)

7. Section on Questions

1. Positive Condition

1. Section on Analysis

(In the section on questions, by way of root condition and by way of object condition, the supramundane should not be done; trainees review the change-of-lineage, they review the cleansing - thus it should be done. The predominance condition also should be done having understood all.)
